

## LETTER OF RECOMMENDATION

Date : 06-02-2025

I am writing in enthusiastic support of Latta Verma Jain

She put in a lot of effort to finish **ADVANCED CBT MASTERCLASS**

The learning and leadership skills were truly impressive. In addition to this she is bright, eager to learn, and responsible.

Based on exceptional performance and remarkable character, I have no doubt that she will thrive in any future academic or professional pursuits outside the academic realm, and also contribute actively to psychology-related extracurricular activities and initiatives.

I am confident that she would be an asset to any organization and that she would excel.

Best regards,

*Preeti*
